

I met the gentleman who owned this Cobra at the Pal Joey's car show last October. I spoke with him for quite awhile about his car as I was quite taken with the workmanship. He was understandably very proud of the car, having built it. One of the finer Cobra kit car examples I have ever seen.

Sadly, this past Friday morning he lost control of his Cobra on Mira Mesa Blvd and struck a tree. He was pronounced dead at the scene. He was 59 years old. May he rest in peace

Always remember, as more and more horsepower is being made from today's engines, even with the advances in tire technology, that power can get away from you.
