

# REVVING UP with Milton

## Dedicated

By Milton Karahadian

MCSD President

I've told you all on many occasions how much I appreciate this club. Over the past few years, we've grown, not just in numbers, but in what we accomplish. Every year, we raise more money for our military beneficiaries via our All-American Car Show and have more people stepping into leadership roles. That's something to be proud of.

But even with all that progress, there is still more we can do.

"We are a group of enthusiasts who are dedicated..." That's what's written on our contact card. I want to focus on that word: dedicated.

Being dedicated means commitment. It means loyalty. It means showing up, putting in effort, and supporting the club consistently over time. Simply put, it means the club matters to you. You're not just a member; you are involved, you care, and you invest yourself in it.

This is an encouragement for those who may only come once a month, grab a taco, and attend one or two events a year (not including the Christmas party). Meanwhile, there are more people than ever in leadership who are putting in hours behind the scenes—preparing meetings, organizing AACS, buying supplies, planning events, creating service opportunities, working on the website and the newsletter, and thinking through the future of club events, organizing supplies for club members and operations—all to give members the best experience possible.

That's dedication.

And when those same people look

The Newsletter of the Mopar Club/San Diego

# PentaGram

www.moparclubsandiego.net

APRIL 2026

AI-generated art

around and see low turnout and participation, especially from a club with more than 110 members, it can be discouraging. They begin to wonder, "Why am I even doing this?"

I understand that feeling. Each month, I take time to write a thoughtful article for our PentaGram newsletter, and maybe 30 out of 120 email addresses read it. I'm not looking for affirmation—and neither are the people serving in leadership. What matters most to us is simple:

Show up.

When members participate consistently, it creates energy, pride, and momentum. That's what keeps a club alive and thriving.

Our private club functions are especially important. That's where real connections are built. It's where we

relax, communicate openly, share ideas, tell stories, and align where we're going. These moments shape the future of the club. When you attend, you're not just present, you're strengthening relationships and helping build a true sense of belonging.

At the end of the day, a strong and respected car club isn't built by a handful of people doing all the work. It's built by everyone. It's built by showing up, standing together, and taking pride in being part of something special.

We are doing better—but we can do even better.

I'm grateful for those who are already dedicated, but do not want to name names. Those who plan

events like our Santee Cars & Coffee, swap meet hangouts, club picnics, beach bonfires, Mopar cruises; those who maintain our website and produce our newsletter, lead community service activities such as Feeding San Diego; those who are trying to find extra resources to meet our financial goals; and those who put in so many hours planning and staging our annual All-American Car Show.

What I, and everyone on our leadership team, wish is simple:

We wish to see more of you become involved; be more dedicated.

I realize that we all have busy lives with family, friends, work and myriad California distractions, but let's do better!

Mopars Forever

# The 392 Roars Again: 2026 Dodge Durango R/T 392 Launch Edition

By Tara Hurlin

Updated / March 25, 2026

Hemmings.com in Car Features, News, Trucks and SUVs

If you thought the era of big-bore, naturally aspirated V8 family haulers was dead, Dodge just threw a 6.4-liter Hemi-shaped wrench into that theory. The 2026 Dodge Durango R/T 392 Launch Edition has officially arrived, and it's basically an SRT in an R/T suit—complete with a massive discount.

## The Heart of the Beast: 392 Cubic Inches of Freedom

For the first time ever, the legendary 6.4-liter (392 cubic-inch) Hemi V8 is standard on the R/T trim. We're talking 475 horsepower and 470 pound-feet of torque, which is a staggering 32% increase in power over the outgoing 5.7-liter R/T. This setup allows for a blistering 0-60 MPH in 4.4 seconds, an

barrass some sports cars at the stoplight. But it's not all just tire smoke and V8 burble; this thing is a workhorse. It features Best-in-Class Towing, out-hauling every other three-row SUV with a massive 8,700-pound towing capacity. Additionally, AWD is Standard, as every R/T 392 features an active all-wheel-drive system that varies torque based on how much of a "lead foot" you're feeling like.

## The "How is it this Cheap?" Pricing

This is the part that'll make you do a double-take. Back in 2024, if you wanted this engine in a Durango SRT 392, you were looking at a \$75,590 sticker price. However, the 2026 R/T 392 Launch Edition now starts at a much more aggressive \$49,995 MSRP. For those who want the full experience, the "Premium" upgrade is available for \$57,595, which adds a massive 18-speaker Harman Kardon system, sleek carbon-fiber interior accents, a suede headliner, and high-performance two-piece brake rotors for superior cooling.

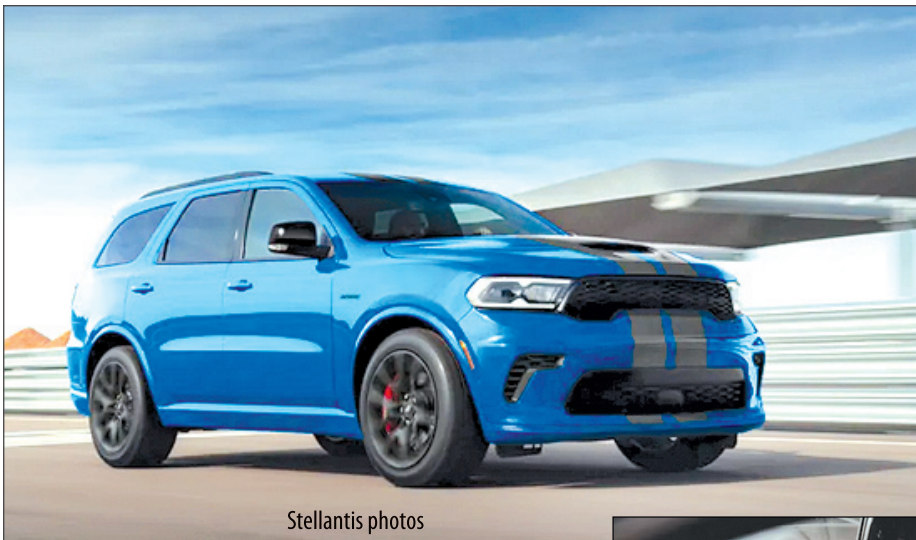

## Visuals and Cockpit

The Launch Edition isn't shy. It rocks body-color flares, a distinctive rear spoiler, and 20x10-inch Satin Carbon wheels wrapped in Pirelli Scorpion Zero Run-Flat rubber. Inside, you get Nappa leather and suede seats with heavy-duty SRT bolsters to keep you planted during "spirited" school runs.

Colors? Dodge is bringing the heat with the new "Green Machine" alongside classics like B5 Blue, Destroyer Gray, and Red Oxide.

Dodge just turned the R/T into a true muscle SUV and slashed the price by nearly \$24,000 compared to the old SRT 392.

Orders are open now in all 50 states.

Stellantis photos

NHRA-certified quarter mile of 12.9 seconds, and a top speed of 160 miles-per-hour.

Dodge hasn't just dropped a bigger engine and walked away. This "Launch Edition" comes standard with all the "go-fast" hardware you actually want, including Brembo high-performance brakes with six-piston fronts and four-piston rears, adaptive damping suspension, and an electronic limited-slip rear axle.

## Family Hauler or Track Weapon? Yes.

You can drop the kids at soccer and then go em-

Registration for our **ALL-AMERICAN CAR SHOW (AACS)** Aug. 8, 2026, is now open!

Show information and online registration are on our website

- TBA: Christmas Party
- 25: Hot Rod Holly's Christmas Cruise
- 26: MCSD's Santee Cars & Coffee

**Mopar Mtgs:** Casa Machado, Kearny Mesa, 2nd Wednesdays (Jan-Nov), meeting at 7pm, come any time after 5:30pm for meet & eat  
**MCSD's Santee Cars & Coffees:** 7-10am, 4th Saturdays, Pathways Church parking lot, 9636 Carlton Hills Blvd.  
**SD Swap Meet:** Pechanga Arena, SD

# Club ACTIVITIES

## NEXT MOPAR CLUB SD MEETING: April 9

The March meeting again will include the **Goodie Auction**, to raise money to buy raffle items for our Aug. 8 All-American Car Show at Seaport Village. Mopar branded items, home-baked or store-bought yummys, etc, make good auction items. And bring money to bid on them. Club meetings are held the second Wednesday of each month, except December, when the the club holds its Christmas Party. Meetings are at the Casa Machado, 3750 John Montgomery Dr., SD, in the meeting room upstairs. They begin at 7pm, but come for meet, eat and greet anytime after 5:30pm.

## NORTH COUNTY CLUB CRUISE: April 24

Woody Widman has scheduled another club members' North County cruise for Friday, Apr. 24. Meet-up will be at 10am at Double Peak Park, 900 Double Peak Dr., San Marcos—a summit park with panoramic ocean views: on clear days, from Tijuana and on up north. The cruise will be through the back country to the Palomar Observatory, with a lunch stop at Josie's Hideout Saloon (on your own \$). All club members invited. Woody says: "Set aside the day, and bring an athletic Mopar!" [RSVPs needed so he can make let Josie's know how many to expect. Email: dreamcaraar@gmail.com.](mailto:dreamcaraar@gmail.com)

## MOPAR NIGHT at CRUISIN' GRAND: July 31

Escondido's Cruisin' Grand cruise nights will begin Friday, June 5, on Grand Avenue and adjacent side streets in Escondido, and will continue every Friday night from then on, possibly into September. **Mopar Night will be Friday, July 31**, with Mopars invited to fill Broadway on the south side of Grand. As per organizer's request: classic Mopars in the front section (from Grand to alley); moderns in the second section.

Apparently Chuck was a Mopar guy . . .

Karate expert Chuck Norris (left) says he fell in love with the Barracuda at first sight in the Coast Chrysler-Plymouth showroom in Manhattan Beach, Calif. Dealer Sy Eget soon had a set of Barracuda keys for Norris, who owns five karate and judo studios in Southern California.

Gary Pandolfi, Chris Von Olmhausen and James Maxwell with Jeff, Julie and Kathy

# MEMBER Doings

The regular North County Friday cruisers took advantage of a spectacular day March 20 and headed for the beach in Oceanside, cruising beachside, led by club cruise regular Tony D'Agostino in his '32 Ford roadster: but wait! That roadster has a 50's 392 Hemi! (left and below)

The club's North County Cruise will be Friday, April 24, from San Marcos' Double Peak Park to the Palomar Observatory/See page 6

## BEACH CRUISIN' MOPAR STYLE

Kathy Silcott needed a getaway to recharge, so she headed to Las Vegas, looking for new adventures and experiences as well as some "me time." She then drove a Porsche 911 GT on the racetrack at Dream Racing (left), and went on a sightseeing helicopter tour of the area (below), her first time in a helo. So much fun, she returned another day for a second flight.

While in Las Vegas, Kathy met up with fellow club member Lee DeTro, who thought the Dream Racing experience sounded so cool, he just had to get his own dream car track experience: his choice was a wicked new Corvette.

## "RELAXING," VEGAS STYLE
